Hundreds of these export opportunities, with a potential total value of more than £300 million, are hosted on: <https://www.export.great.gov.uk/>.

'Exporting is GREAT' provides business advice and expertise to support you at every step on your exporting journey, from initial interest to selling in-market and using the latest technology to connect these businesses with live export opportunities.

- new to selling online
- already selling online, but need help with specific issues
- experienced in online sales, but are looking to sell on multiple platforms globally

The programme enables you to:

- meet a Digital Trade Adviser where relevant, to help you develop and implement an international online strategy
- set up e-marketplaces quickly and also identify new e-marketplaces around the world

- access better-than-commercial rates to list on some e-marketplaces, including lower commission fees and 'try for free' periods. See: <https://www.gov.uk/guidance/e-exporting#preferentialrates>

## Find a Buyer service

This is the place to let international buyers know all about your business – highlight the vital facts about your company to give buyers confidence to get in touch; show off your company's experience and outstanding projects to give potential buyers more insight; get emails from international buyers straight to your sales or business development teams; see relevant government-supported export development events where overseas buyers will be attending. See: <https://find-a-buyer.export.great.gov.uk/>

## Events and missions

Taking part in overseas exhibitions is an effective way for you to test markets, attract customers, appoint agents or distributors and make sales. DIT's Tradeshow Access Programme (TAP) provides grant support for eligible SMEs to attend trade shows overseas.

Participation is usually as part of a group – a great advantage for inexperienced businesses – and is usually led by one of DIT's Accredited Trade Associations (ATOs). ATOs work with DIT to raise the profile of UK groups and sectors at key exhibitions.

The DIT calendar of events has some 400 core events and missions, and 1,000 opportunities across the Trade Access Programme and the English national regions.

## DIT Events Portal

The DIT Events Portal provides a single calendar view of all DIT events and missions, and has been developed to provide you with more-detailed information on each event in order to help you decide on the most appropriate event to attend. The calendar can be filtered and searched by sector and/or market.

There are also detailed events websites which include more information about each event, and also allow you to register for an event.

The DIT Events Portal is your central hub for business and networking opportunities. Search for future events and missions, register online and network with fellow delegates. See: <https://www.events.trade.gov.uk/>.

## **DIT webinars**

The DIT webinar service runs hundreds of free hour-long internet events covering topics, sectors and countries around the world, helping you shape your export plan.

These events allow you to interact with the experts in specific sectors and countries and allow you to ask questions to enhance your knowledge.

To see upcoming DIT webinars, please visit: <https://www.events.trade.gov.uk/> and search for webinars.
